

## Personal details:

Szabó Dániel  
2003.04.07.  
06/20/919/0095  
[szada.hu@gmail.com](mailto:szada.hu@gmail.com)

## About me:

I'm a beginner but enthusiastic software developer living in Hungary who is open to the new technologies. I got into programming when I was 17, as a teenager i used many apps and the web so i decided to dig into them and learn how they work.

I have basic knowledge in web development **HTML**, **CSS**, **JavaScript**.

Databases: **SQL**, **JSON**, MongoDB, XML. (more experience in SQL, in the latter, beginner level)

Backend: **Python**, **C#**, **C++** (OOP level)

Mobile development: **Flutter** (beginner)

**I have no professional experience, but I try to acquire the knowledge and level of experience required to carry out the projects.**

## Education:

2022. - : SZTE JGYPK Software IT Developer

2018. - 2022: Szegedi Deák Ferenc Secondary School

## Other skills:

Understanding, developing simple algorithms

Analytical thinking

English (fluent - B2 exam)
